HIPAA Privacy and Information Security Training

Effective Date: December 2016

Policy Statement

The Trustees of Columbia University in the City of New York is committed to complying with all regulatory requirements, including assuring that CUHC workforce members receive educational information related to the regulatory requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). All Columbia University Healthcare Component (CUHC) workforce members will complete HIPAA training including information about the Privacy and Information Security programs.

Reason(s) for the Policy

The HIPAA Rules require healthcare organizations provide education and information about the regulatory requirements of HIPAA to their workforce members, including the related policies and procedures with respect to Protected Health Information (PHI).

Primary Guidance to Which This Policy Responds

HIPAA Rules

§ 164.308 Administrative safeguards (a) (5) (i) and §164.530 Administrative requirements (2) (b) (1)

Responsible University Office & Officer

Office of HIPAA Compliance, Privacy Officer
Columbia University Medical Center, Chief Information Security Officer

Who is governed by this Policy

All CUHC workforce members

Who Should Know This Policy

All CUHC workforce members
Policy Text

1. CUHC workforce members complete HIPAA training requirements when hired; in addition to annual HIPAA training.
2. Training includes information about the HIPAA Privacy and Information Security program.
3. CUHC workforce members that fail to complete training within the required timeframe are sanctioned.
4. CUHC workforce members engaged in research activities must also complete a research-specific HIPAA training course in RASCAL (http://www.rascal.columbia.edu) training module TC0019 (HIPAA: Health Insurance Portability and Accountability Act Training Course).
5. Refresher, remedial, departmental and other training is provided as needed.
6. Periodic reminders, information bulletins, briefings and other mechanisms are also utilized to communicate HIPAA related information.

Responsibilities

- The Privacy Officer and Chief Information Security Officer (CISO) will review and update training material as needed and communicate training requirements to workforce members.
- Workforce members will complete all assigned training within the required time frame.
- Business Unit Leadership (Department Administrators) must assure that all CUHC workforce members comply with HIPAA Privacy and Information Security training requirements.

Definitions

**Columbia University Healthcare Component** – Columbia University is a Hybrid Entity that has designated as its Healthcare Component (the Columbia University Healthcare Component) Columbia University Medical Center and the other colleges, schools, departments and offices of the University to the extent that they (i) provide treatment or health care services and engage in Covered Transactions electronically or (ii) receive Protected Health Information to provide a service to, or perform a function for or on behalf of, the Columbia University Healthcare Component.

**Covered Entity** – (i) a health plan, (ii) healthcare clearinghouse, or (iii) healthcare provider that transmits any health information in electronic form.

**Hybrid Entity** – A single legal entity (i) that is a Covered Entity (ii) whose business activities include both Covered and non-Covered functions and (iii) that designates health care components within the Hybrid Entity as more particularly described in Section 164.103

**Protected Health Information** – Information about a patient, including demographic information, that may identify a patient, which relates to the past, present, or future physical or mental health or condition of a patient; the provision of health care to a patient; or the past, present or future payment for the provision of health care to a patient.
